

Name/surname: Maura Calliera

email: - [callieramaura@gmail.com](mailto:callieramaura@gmail.com) or maura.calliera@unicatt.it

Nationality: Italian

Gender: Female

Occupational field: Sustainable agriculture, pesticide exposure and environmental risk assessment

Type of business or sector: Research

Work experience:

Date: from 2004 to now

Name and address of employer:

**Università Cattolica Sacro Cuore**, Dipartimento di Scienze e Tecnologie alimentari per una filiera Agro-alimentare Sostenibile (DiSTAS), Via Emilia Parmense 84, Piacenza

Occupation or position held: Contract researcher

Senior Scientist of OPERA, the research centre on sustainable development of Università Cattolica del Sacro Cuore

### Main activities and responsibilities

Recently research activities focused on:

-link practical oriented research and education, development of innovative training tools for sustainable use of pesticide, evaluation of behaviors and human perception and their influence on pesticide exposure, Ethics and food and Responsible Research and Innovation (RRI).

-Multi-actor approach and engagement strategy

-development of Guidelines for Sustainable Use of Pesticide in a multi-stakeholder process.

Actually Involved

In the European project

- Erasmus+ **TERRATECH** -masTERs course on smArt Agriculture TECHnologies to develop an advanced interactive MSc course related to Agriculture IoT  
Involved in WP2 on implementation and the development of the course lessons, and in the course “Modern technologies to mitigate the impact of agricultural activities on ecosystem services and Training”

In national project

- 2020-2021 **TRAINAGRO2020** " TRAsferimento delle conoscenze e dell' INnovazione nell'uso sostenibile dei pesticidi in AGRicoltura 2020 (Transfer of knowledge and innovation for the sustainable use of pesticides in agriculture) financed by Regione Lombardia FEASR – program of Rural Development 2014-2020 Misura 1 Trasferimento di conoscenze e azione di informazione SOTTOMISURA 1.2 – “Sostegno a attività dimostrative e azioni di informazione” OPERAZIONE 1.2.01 – “Progetti dimostrativi e azioni di informazione”
- 2020-2023 **VITA** "Viticoltura Armoniosa" per una governance sostenibile del vigneto, (Harmonious viticulture for sustainable vineyard governance) Regione Piemonte FEASR – Program of Rural Development 2014-2020

I was involved in the European projects listed below:

- H2020 **WATERPROTECT** (Project ID: 727450) Innovative tools enabling drinking WATER PROTECTion in rural and urban environments in the Work Package related to Good management Practice, Mitigation Measures and Work Package related to Policy (coordination of the task on indicators on sustainable use and water governance)

([https://cordis.europa.eu/project/rcn/210492\\_it.html](https://cordis.europa.eu/project/rcn/210492_it.html))

- EU ERASMUS+ project **SUPTraining** (Project id 2014-1-FR01-KA202-008754) for the Development of an e-learning platform for the sustainable use of pesticides
- EU FP7 project **GLOBAQUA** (Project ID: 603629) on Managing the effect of Multiple Stressors On Aquatic ecosystems Under Water Scarcity in the project tasks on policy, as member of the university spin off Aeiforia scientific team.
- EU FP7 project **BROWSE** (Project ID: 265307) "Exposure models to assess the risks to operators, workers, residents and bystanders from exposure to plant protection products (PPPs). This project Involve all relevant stakeholders and end-users and take full account of relevant gender issues in the development of new and improved assessment methods and policy tools addressing exposure of operators, workers, residents and bystanders to PPPs.
- EU FP7 **HEROIC** (Project ID: 282896) project that aims to establish and co-ordinate a global network of European and international experts and stakeholders from different disciplines to establish stronger interfaces between human and environmental Risk Assessment (RA), between RA and risk management and between the various agencies, and countries within the EU and between agencies and industry for better sharing of knowledge, building consensus and development of -clear, easily understood, transparent and unambiguous integrated RA procedures
- -EU FP7 **PreSto ERA net** (Project ID: 612739) Preparatory steps towards a GMO research ERA-Net aimed to map out the steps needed to create and successfully implement an ERA-Net that will coordinate transnational research on the effects of genetically modified organisms (GMOs) in the areas of human and animal health, the environment, and techno- economics and societies.
- EUFP6 **HAIR Project** (Project ID: 501997) Development of new time trend indicators to assess the human and environmental risks associated with the use of plant protection products, xenobiotics fate and risk assessment
- EUFP6 **ALARM** (Project ID: 506675) Assessing LArge scale Risk for biodiversity with tested Methods-Involved in the Environmental chemicals research modules in the Università Bicocca research team.

#### I was involved in national/regional projects

- 2018-2019 **TRAINAGRO** " TRAsferimento delle conoscenze e dell' INnovazione nell'uso sostenibile dei pesticidi in AGRicOltura (Transfer of knowledge and innovation for the sustainable use of pesticides in agriculture) financed by Regione Lombardia FEASR – program of Rural Development 2014-2020
- 2019-2020 **MINERVA** " Misura, analisi e gestione innovativa dell'uso sostenibile di tecnologie impiegate per la produzione del vino e l'organizzazione di filiera" (Measurement, analysis and innovative management of the sustainable use of technologies used for the production of wine and the organization of the supply chain) financed by Regione Emilia Romagna program of Rural Development 2014-2020 operazione 16.2.01 "supporto per progetti pilota e per lo sviluppo di nuovi prodotti, pratiche, processi e tecnologie nel settore agricolo e agroindustriale".
- 2017-2019 **ECORESILIENTE** Actions and best practices for integrated management of an ECOSystem RESILIENT to local climatic variations. Project D3.2 promoted by Università Cattolica Sacro Cuore.
- 2017-2019 **ANAPNOI**- "Healthy breathing for well ageing" for the evaluation of human perception of pesticide exposure. Project D3.2 promoted by Università Cattolica Sacro Cuore that involve researchers from university sites of Brescia, Milano, Piacenza e Roma.
- 2017-2019 **CSR Lab Emilia Ovest** project aimed at supporting actions for the dissemination and promotion of social responsibility (CSR) of companies in the agri-food chain. Launched in the Piacenza area by the Municipality of Piacenza and promoted by the Emilia Romagna Region.

#### **Other past projects and collaborations**

- collaboration with Hydrotox GmbH for the redaction of a report commissioned by **UBA** on **environmental risks from the use of biocides**: Environmental sound use of disinfectants, masonry preservatives, and rodenticides
- Investigation of the **potential glyphosate groundwater contamination** in Lombardia region (North Italy) in collaboration with Aeiforia srl, spin off of Catholic University
- TransNational Cooperation project (**TNC**) together with representatives of France, Spain, Greece and Bulgaria in the framework of **LEADER** axis for the creation of a **network of Emblematic Mediterranean Mountains**.
- coordinator of **The Edible Insects project** launched by Società Umanitaria (Milano). Identification of thematic areas and coordination of selected groups of experts from different private and public entities across Italy committed to analyze current research and system state of the art, flaws and opportunities with the aim to propose effective research guides lines.
- Collaboration with prof Ettore Capri in writing the paper produced for the JOHNS HOPKINS project "7 PROJECTS to Make Progress on Ethics and Global Food Security in 5 YEARS" - Baltimore, MD May 2015 [www.bioethicsinstitute.org/globalfoodethics](http://www.bioethicsinstitute.org/globalfoodethics) - globalfoodethics@jhu.edu
- Involved in the project "**Add a seat at table**" aimed at involving students and teachers in discussions and in-depth analysis about issues of their interest related to food, to collect data, products and events to share with peers. This project was selected by Second International Conference on Agriculture in an Urbanising Society 14-17 September 2015 ,Rome. Italy and finalist of the International awards 2015 "**Revolutionary solutions for local food systems**" ICARE 4<sup>th</sup> edition on social Innovation for agriculture of the future

#### **Other working experience**

- Collaboration with NGO PiaceCiboSano to promote a new **sustainable culture of the territory starting from the local agro-food chains**.
- Consultant. Principal subjects/occupational skills covered: Review of some active substances for the inclusion in annex I for the area fate and behaviour and participation to several EFSA EPCO Expert meeting – section fate and behaviour. Name and type of organisation: Centro Valutazione Rischio Tossicologico" (University of Milano)

#### **Main teaching**

##### **At european level**

- 2021-2022 Course Author and Course Peer-Reviewer of the European Commission Better Training For Safety Food Training (BTSF) BTSF e-learning module on "RISK MITIGATION PESTICIDES". Name and type of organisation: Istituto Zooprofilattico Sperimentale dell'Abruzzo e del Molise "G. Caporale" (IZSAM)
- 2021 – Deputy Technical Coordinator and Tutor in the European Commission Better Training For Safety Food Training (BTSF) virtual course on Plant Protection Products:
  - Risk Assessment of efficacy of plant protection product
  - Eco-toxicological risk assessment
 Name and type of organisation: Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH
- 2019 - Tutor in the European Commission Better Training For Safety Food Training (BTSF) course on Plant Protection Products:
  - 1-Eco-toxicological risk assessment on the environmental fate and behaviour in soil, air and water In Copenaghen (Dk) and Bruxelles (B)
  - 2-Risk Assessment of efficacy of plant protection products in Perugia (It)
  - 3-Eco-toxicological risk assessment in Aveiro (P)
 Topics covered: environmental exposure and mitigation measure.

Name and type of organisation: Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH

- 2017 in the European Commission's DG Neighbourhood and Enlargement Negotiations within the framework of the **TAIEX Instrument Workshop** on Capacity Building on Sustainable Use of Pesticides, Podgorica, Montenegro
- 2016 in the **EU funded Twinning** project MK10/IB/AG01 in Macedonia, Component 3: Further Improvement of the Phytosanitary system in the country; strengthening the capacities for plant health and control of plant protection products

#### **At university level**

- 2021/2022 Esercitazioni corso Agrofarmaci ed ecotossicologia Facoltà di Scienze Agrarie Alimentari e Ambientali Università Cattolica Sacro Cuore 12 ore
- 2020/2021 Esercitazioni corso Agrofarmaci ed ecotossicologia Facoltà di Scienze Agrarie Alimentari e Ambientali Università Cattolica Sacro Cuore 12 ore
- 2020/2021 Esercitazioni corso Agrofarmaci ed ecotossicologia -Facoltà di Scienze Agrarie Alimentari e Ambientali Università Cattolica Sacro Cuore 12 ore
- 2019/2020 Esercitazioni corso Agrofarmaci ed ecotossicologia -Facoltà di Scienze Agrarie Alimentari e Ambientali Università Cattolica Sacro Cuore 12 ore
- 2018/2019 Esercitazioni corso Agrofarmaci ed ecotossicologia -Facoltà di Scienze Agrarie Alimentari e Ambientali Università Cattolica Sacro Cuore 24 ore
- 2016/2017 Nomina Cultore della materia in Agrofarmaci ed ecotossicologia -Facoltà di Scienze Agrarie Alimentari e Ambientali Università Cattolica Sacro Cuore
- 2015 Incarico di affidamento per il corso di perfezionamento in "Sicurezza degli Alimenti" - Università Cattolica Sacro Cuore Facoltà di Scienze Agrarie e Alimentari e Ambientali - 6 ore
- 2011/12- 2012/2013 nomina a Cultore della materia in "Valutazione del rischio negli alimenti" facoltà di Agraria Università Cattolica Sacro Cuore
- 2012-2013 Esercitazioni in "Valutazione del rischio negli alimenti" Università Cattolica Sacro Cuore -Facoltà di Agraria laurea magistrale in Scienze e Tecnologie Alimentari - 12 ore
- 2011-2012 Esercitazioni in "Valutazione del rischio negli alimenti" Università Cattolica Sacro Cuore -Facoltà di Agraria -laurea magistrale in Scienze e Tecnologie Alimentari 16 ore
- 2011 incarico di Docenza in corso post-laurea per Ordine dei Dottori Agronomi e dei Dottori Forestali della Provincia di Potenza (DAFP) su "Uso sostenibile agrofarmaci in agricoltura" - presso Università degli Studi Basilicata- Dipartimento di Scienze dei Sistemi culturali, forestali e dell'Ambiente, 9 ore
- 2003-2004 Esercitazioni in Ecotossicologia-Università Milano Bicocca 32 ore

#### **Others teaching**

- From 2016 to now Teaching on pesticide comparative assessment, Eu and National laws from the Sustainable Pesticide Use Directive perspective in: Regional courses for the compulsory professional pesticide users' advisors and distributors certificate of competence. Milano and Cremona
- 2013 Trainer in short course on "Pesticide Risk Evaluation for Operators in Greenhouses", PSR (rural development plan) 2007-2013 – Regione LIGURIA, Italy
- 2012 Secondary school Trainer in the project "iPack - Paradoxes and myths of the sustainability era (Sprim Italia)"
- 2009 Trainer in Short course on Environmental Risk Indicators for ARPAT (Agenzia Regionale Ambiente Toscana)
- 2007 Lecturing in "Merceologia" for Camera Commercio di Torino

#### **Education and training**

Dates 1996

Title of qualification awarded: Degree in Agricultural Sciences

Principal subjects/occupational skills covered: Thesis focused on a fugacity model validation to predict organic pesticide pollution from agricultural practice in surface water. Title "The soilfug model application and validation at basin scale"

Name and type of organisation providing education and training: University of Milan

Dates 1997-1998

Title of qualification awarded: postgraduate grant Fondazione Lombardia per l'Ambiente

Principal subjects/occupational skills covered: Relationship between environmental pollution and food chain

Name and type of organisation providing education and training: University of Milan Bicocca, Department of Environmental Science and Landscape

Dates 1998-2000

Title of qualification awarded: International Centre For Pesticide Safety (ICPS) postdoc grant

Principal subjects/occupational skills covered: Development of a GIS-based methodology to estimate and mapping the ecotoxicological risk by pesticide to surface water at main watershed scale

Name and type of organisation providing education and training: University of Milan and Bicocca, Department of Environmental Science and Landscape

Dates 2004-2006

Title of qualification awarded: research contract

Principal subjects/occupational skills covered: Development of a new indicator for monitoring pesticide risk trends attributable to dietary pesticide exposure at various geographical and temporal scales. HAIR project Harmonized environmental Indicators for Pesticide Risk. EU contract FP6-2002-501997-SSP-1.

Name and type of organisation providing education and training: Università Cattolica Sacro Cuore, Istituto di Chimica Agraria ed Ambientale

#### **Training: Other Short-term formation and courses**

-European Commission Better Training For Safety Food course on Plan Protection products, 09-12-May 2016, 25 hours Lisbon

-Ministero Ambiente e Tutela Territorio e Mare, OPERA e Università Cattolica Sacro Cuore Course on VIVA sustainable wine , 16-19 May 2016, Piacenza

-Short course on Pesticides Residues Acute and Chronic risk. The EFSA evaluation model Istituto Superiore di Sanità, Roma 8 ore

-Summer school in "Pesticide Science", GRIFA (gruppo ricerca italiano fitofarmaci e ambiente), Università Cattolica del Sacro Cuore, 2006, Marina di Orosei 28 ore

-June 2005 Summer school in "Pesticide Science", GRIFA (gruppo ricerca italiano fitofarmaci e ambiente), Università Cattolica del Sacro Cuore, 2005, Villasimius 28 ore

-14 al 27 June 1998 Summer School for "Multidisciplinary Assessment of Contaminants in the Environment and of Risks for Human Health", Certosa di Pontignano, CNR and Univ. degli Studi di Siena

-Short course on "Capillary Gas Chromatography", Restek Corporation, CNR Milano

#### **Personal skills and competences**

Mother tongue(s) Italian

Other language(s) English

Self-assessment	Understanding	Speaking	Writing

<i>European level (*(*) Common European Framework of Reference for Languages)</i>	Listening	Reading	Spoken interaction	Spoken production		
English	B2	C1	B2		B2	C1

### **Others Social skills and competences**

Interdisciplinary. Team oriented, capacity to adapt to multicultural environment, good communication skills  
 3 years President of retailers association (Associazione commercianti) of the city of Ivrea  
 Co-founder and Board Secretariat of “Ristoratori della Tradizione del Canavese” an association aimed to valorise the quality and tradition of local food, local production and prouddness, and knowledge sharing.

Organisational skills and competences: Attention to details, attitude towards positive relationships, good organization capacity.

- Organisation and Congress Secretariat Setac Europe Workshop: The Role of High Mountains in the Global Transport of POPs. Milan Italy
- Organisation and Congress Secretariat of the first Eu project ALARM (Assessing Large scale environmental Risk for biodiversity with tested Methods) Project workshop of Chemicals Fate group in Milan (Bicocca University)
- Editor, Organisation and Congress Secretariat of the Annual Conference of the Mediterranean Group of Pesticide Residue (MGPR) in Piacenza

Technical skills and competences: Good knowledge in laboratory methods for chemical analysis.

Good knowledge in using GC-MSr

Computer skills and competences: Good knowledge of applications within MS Office, Windows, Adobe,etc. and basic knowledge of use of custom web applications builder

Driving licence B
